Contact faces:

Ponomarenko Lyudmila Viktorovna, tel. mob. +7 (918) 245-25-54 ,

e - mail : conf.econ@yandex.ru

REQUIREMENTS FOR FORMING MATERIALS

File name : Surname I.O. Cyrillic article.docx (* .rtf)

Fields : left, right, top: 2.5 cm, bottom - 3.0 cm.

Paper size : A4.

Editor : Microsoft Word 2003-2010 for Windows .

Font : Times New Roman - 14 point size .

Volume : 5-7 full (!) pages. (**strictly** 42 lines per page).

Originality: 70% when checking in the AntiplariatVUZ system .

From one author we accept only one article.

The number of co-authors is no more than three.

The surname and initials of the author/authors are printed in the upper right corner in lowercase letters *in bold italics* (*I.O. Surname*). Next, the name is printed, font size 14 pt , in capital letters, bold, center alignment. This is followed by text typed at single spacing. The number of lines on one page is 42. Empty lines (before and after the title of the article) are not put. "Body text" parameters: size - 14 pt , paragraph indent - 1 cm, page width alignment. Automatic transfer, transfer zone – 1 cm. **Compaction (sparseness) of the text interval and line spacing is not allowed.**

Formulas must be typed in the standard Microsoft formula editor Equation , are centered (no paragraph indentation) and numbered sequentially (the number to the right of the formula is separated from it by spaces). The size of the main characters is 12 p, large indices - 7 p, small indices - 5 p, large characters - 16 p and small characters - 12 p. Blank lines (before and after formulas) are not put. All variables should be typed in italics, both in formulas and within text. All brackets (round, square and curly), both in formulas and within text, should NOT be italicized.

Page numbering, page breaks are not used. The list of used literature is not given.

Articles are submitted in the form of an unarchived file of the format “*. docx ” or “*. rtf”, where the file name is “ **Article Surname IO. docx** ”.

Articles that have not passed the test for originality (Anti- plagiarism university), that do not correspond to the subject of the conference or are designed with violations of the requirements, are not accepted by the organizing committee.

As a result of the conference, **a collection of works will be published** , which will be assigned the corresponding library indices UDC, BBK and the international standard book number (ISBN). **The conference proceedings will be placed in the scientific electronic library elibrary.ru and registered in the scientometric database of the RSCI (Russian Science Citation Index) in the form of metadata.**

**MODEL BUILDING METHODOLOGY
DEPARTMENTS OF SUBJECTS OF NATURE MANAGEMENT**

Let the ecological-economic system S consist of a control system (CS) and a controlled process (PM), then:

$$S = \{CY, VII, u, p, f(t)\}(\text{one})$$

where u are control actions; p – information about the current state of the controlled process; f(t) – disturbing influences. We assume that the function of the control system is to develop controls u that lead to a minimum deviation dP of the controlled process from a given target state ...
